About the Investment

Investment type: Linked endowment policy ('Policy').

Minimum Investment Amount: R 100 000 (one hundred thousand South African rand).

Investment term: Five (5) years.

Currency: South African rand (ZAR).

Investment objective(s)

100% of your Investment Amount will be split 40%/60% between a three-year Fixed Return Investment and a five-year Equity Index Investment.

For purposes of this document, the Equity Index Investment and the Fixed Return Investment will be collectively referred to as the 'Investment'.

After three years:

You will receive a Fixed Return, based on 40% your Investment Amount back, plus 40% of your Investment Amount. At this time, you may access this money or reinvest it in your policy.

After five years:

You will receive the other 60% of your Investment Amount back (irrespective of the performance of the Index), plus 150% participation in any Index growth. Index performance will be capped at 50%.

Currency risk

The Index is quoted in USD. Your Investment is in ZAR and any positive Index Performance is exposed to the ZAR/USD exchange rate over the Investment term. Your initial investment is not exposed to any movements (positive or negative) in the ZAR/USD exchange rate only the potential growth on the 5-year equity linked leg. This Investment does not utilise any of your individual foreign exchange allowances.

Capital protection on maturity

Provided you hold your Investment for the full term of each leg of the Investment (half for three years and half for five years), your South African rand Investment Amount will be repaid in full, irrespective of the performance of the Index.

The Index

The Index to which the Investment is linked is the MSCI World Business Cycle Clock Factor Select ER Index (the 'Index'). The Index fact sheet can be found on our [website](#) or ask your financial adviser to provide you with a copy.

Index Performance Calculation**Initial Index Level (i)**

The level of the Index on the Investment Start Date at the Valuation Time as determined by the Calculation Agent.

Final Index Level (f)

The arithmetic average of seven monthly levels of the index will be taken over the last six months of the Investment term, at the Valuation Time as determined by the Calculation Agent. These dates will be available on the term sheet post trade and will be made available to investors upon request.

Index Performance (IP)

$$IP = (f-i)/i$$

Maximum Index Performance (MIP)

50%

Valuation Time

The time at which the official closing level of the index is calculated and published.

ZAR/USD (Ei)

The ZAR/USD exchange rate as recorded on the Maturity Date.

Currency movement ZAR/USD (FXR)

The currency movement is calculated as: (Ef)/(Ei)

Final Redemption Amount

Final Redemption Amount calculation: Fixed Return Investment

The redemption amount on the Fixed Return Investment will be calculated as follows:

Investment Amount x 40% x (100% + FR).

The Fixed Return rates quoted are net of tax.

Final Redemption Amount calculation: Equity Index Investment (FRA)

The redemption amount on the Equity Index Investment will be calculated as follows:

FRA = Investment Amount x 60% x (100% + PR x FXR x MAX[0%; MIN(IP;MIP)])

Where: 'FXR' means 'Foreign Exchange Rate' determined as USDZAR Final level / USDZAR Initial level.

Where 'Max' means 'the greater of' and 'Min' means 'the lesser of'.

Any amendment to South African tax legislation, which changes the tax status of the policy or tax treatment thereof, may affect the maturity value. The Long-term Insurer will calculate tax, if any, at the Maturity Date, in accordance with prevailing tax legislation .

Other important information

Valuations and early redemptions

During the term of the Investment you will be entitled to make one withdrawal from the policy. You cannot make more than one withdrawal during the term of the Investment.

Please note that on the maturity of the Fixed Return Investment, you may access the full proceeds of this leg. Your financial adviser will provide you with suitable reinvestment options based on the availability of investment products at the time.

If you access the full proceeds of the Fixed Return Investment on maturity, no further withdrawals will be allowed and the Investment will continue until the Equity Index Investment Maturity Date.

Please note that any withdrawals will be done at the prevailing market value of the Investment and any such early withdrawal could result in you losing some or all of your Investment Amount.

Further, note that all investment proceeds due to you will be paid out within approximately seven (7) business days after the Maturity Date.

Cooling-off Period

You have a 31 (thirty one) calendar day cooling-off period (the 'Cooling-off Period') from the Investment Start Date in which to change your mind about your Investment. If you change your mind within this period, we will sell the instruments at market value and pay you this plus any fees that have been included in the cost of the Investment. This value may be lower than your initial Investment Amount.

If you surrender your Investment after the Cooling-off Period, we will sell the instruments and pay you the current market value. This will be seen as an Early Redemption – see section above.
